

# Frozen Donor Egg Pricing

## Frozen Donor Eggs

|                                     |                 |
|-------------------------------------|-----------------|
| Cohort of 6 frozen donor eggs       | <b>\$21,000</b> |
| Shipment of eggs to your IVF clinic | <b>\$1,000</b>  |

All cohorts include the following:

- Blastocyst Guarantee: we guarantee that you will have at least one transferrable embryo or receive an additional cohort at no charge. (PGT-A excluded unless additional insurance purchased. Sperm source must meet normal criteria.)
- EDC Nexus: Ongoing access to the donor's updated personal and family medical history. Updates are delivered to the portal real-time.
- Genetic Counseling: Meet with a genetic counselor to better understand your future child's medical history based on both the egg donor and sperm source. You will receive a report you can provide your pediatrician.

## Optional Services

- |  |                       |
|--|-----------------------|
| • Additional Eggs, if available  | <b>\$2,000/egg</b>    |
| • PGT-A Euploid Embryo Guarantee: If using PGT-A, this add-on ensures you will have at least one Euploid embryo or receive an additional cohort at no charge. PGT-A Euploid Embryo Guarantee can only be applied to cohorts of 8 each. | <b>\$5,000/cohort</b> |
| • Legal Agreement for Recipient and Egg Donor, if needed:  | <b>\$1,700</b>        |

Total overall cost will vary based on # of cohorts/eggs and additional guarantees purchased.

\*\* We are also partnered with several financing companies as options for our frozen donor program! \*\*

\* Fees subject to change. Should there be any changes to our fees, they will be honored for up 3 months from the time they were presented. \*

**Total Estimated Starting Cost**

**\$22,000**
